

On 26<sup>th</sup> June 2019, the King Street Public School community woke to the devastating news that three of our students had passed away in an overnight house fire.

In celebration of Blake, Matylda and Scarlett's lives, and in consultation with their family, King Street Public School will be holding our inaugural B.M.S Rainbow Day for staff and students on Thursday 24th June.

Students are encouraged to dress in their brightest rainbow outfits to celebrate the lives of Blake, Matylda and Scarlett.

Our day will start with a short memorial service followed by normal routine.

During the middle session, all students will take part in Fire Safety Programs and have the opportunity to look around a Singleton Fire Brigade fire truck.

The last session of the day will see our KSPS staff take on our KSPS students in a game of league tag.

We ask students to donate a gold coin and bring along some change to enjoy the rainbow inspired treats that will be available to purchase at lunch and recess.

At the family's request, all funds raised will be donated to the Singleton Fire Brigade.
